

Car Care 2026

We have a very wide range of stock to suit all your needs, only dealing in brand leading products to maximise sales and profits

We can offer bespoke computer designed planograms as well as a full merchandising service.

Petroshops has dedicated sales representatives for each customer location, who have full responsibility for the appearance, stocking and success of customer outlets.

Regular call cycles ensure there is a greater understanding of your needs and less out of stocks but at the same time no overstocking. This can benefit cash flow and profit.

Deliveries are usually made within 48hrs of order capture and are mostly carried out by our own vehicles resulting in a more personal service as well as ensuring stock arrives in excellent condition as no third parties are involved.

Regular promotions are also available through our monthly Mega Deals and Price Watch leaflets.

A fully bespoke planogram service is available for accessories, oils and winter products.

Please ask rep or details

Many car care and other Promotions are available In our monthly Mega Deals and Pricewatch leaflets

We also stock a full range of Chrome products. Please see website or ask your rep for details

WIPER BLADES

Simply

Built to last, these all weather performance blades are user friendly with a wide range of fitments for most vehicles. Utilising flat blade technology they provide even wiping pressure across the whole screen with a symmetrical spoiler that reduces wind lift at high speeds.

Crafted from a blend of synthetic and natural rubber they provide optimum performance and durability

Caiman Car Care and Detailing is more than just another new brand trying to find its place in the already saturated car care and detailing market. It's the culmination of over a decade's hard work, knowledge and experience from its parent company Ultimotive. They have been specialising in everything car care related for years but have always been the brand behind the brand, and we're talking world-class names in F1 among others

Standard TFR 25ltr

- A safe non caustic formula ideal for high pressure systems
